

## Beatrice Longo - Fertility Retreat

Dear Randine, Hilary & Sadhna,

I felt it imperative to express to you all the feelings that were elicited during the healing circle ceremony. Not knowing what to expect, I laid there totally receptive to whatever you all had planned for us and within minutes, the most powerful feelings emerged within me...

feelings I recognized as having experienced only twice before... at the altar when I married my husband and at the moment of my daughter's birth. Your warm, healing and loving caresses, embraces and voices facilitated the outpouring of emotions we allowed ourselves to express. and for me...

the ultimate expression of surrender and acceptance of my role in the universe!

Thank you for truly caring!

Beatrice Longo
